### SECTION 31.10. CERTIFICATE OF APPROPRIATENESS.

(1) Any act of alteration, demolition, new construction, or relocation, as defined herein, shall require a Certificate of Appropriateness as further described below.

~~Furthermore, e~~Every application for a building permit or a demolition permit affecting the exterior architectural appearance of a designated landmark or of any contributing structure within a designated historic district shall be accompanied by a complete City of Ames an application for a Certificate of Appropriateness. ~~Applicants shall be required to submit plans, drawings, elevations, specifications, and other information as may be necessary to make decisions.~~ The Building Official shall not issue the building or demolition permit until a Certificate of Appropriateness has been approved.

(2) Alteration: ~~of an exterior part of a building or a structure.~~ An alteration is any act or process that changes one or more of the exterior features of a structure, such as windows, porches, siding, and other features identified under the Design Guidelines that do not increase without increasing the amount of gross floor area. ~~Alterations to existing structures that are contributing structures or to structures designated as historic landmarks shall require a~~ A Certificate of Appropriateness for an alteration and shall be permitted in the following instances.

(a) An architectural feature has deteriorated to the point that it must be replaced.

(b) Architectural features were added which modified the original qualities of the architectural style and the current property owner wishes to restore the structure to the original architectural style.

(c) An architectural feature may can be added if as long as the feature is appropriate to the architectural style of the structure.

(3) New Construction. A Certificate of Appropriateness shall be required for construction of:

(a) Aa new principal structure, or

(b) Anan addition to an existing contributing structure or to a designated landmark, or

(c) Aa new accessory building or addition to an accessory building on any property with a contributing principal structure or designated landmark.

(4) Consideration of an application for a Certificate of Appropriateness shall apply the Design Guidelines, which shall pertain to all historic preservation districts and historic landmarks; and the Design Criteria, which shall apply only to the particular historic district or historic landmark for which they are enacted.

A new principal structure shall be representative of one of the architectural styles approved in the district. The design for the new principal structure must meet all the design criteria listed for the architectural style selected. Architectural features not specifically listed in the design criteria may be proposed by the applicant. Those features should be incorporated in a manner appropriate with the architectural style.

In each instance, the Commission may grant exemptions to the requirements for an alteration if it determines that the cost of replication is prohibitive.
