Dog/Puppies Transferred Out to Another Agency

At the Ames Animal Shelter & Animal Control, we are proud to be a NO KILL, progressive animal care and adoption facility. We believe that euthanasia should only be considered when it would end the irremediable suffering of an animal or when the animal has been shown to pose a severe threat to the safety and well-being of our community. We believe in complete transparency, and so we use the most critical calculation available to determine our live release rate.

More information about completely transparent no kill calculations can be seen at

Dogs/Puppies Euthanasia

Dogs/Puppies Owner Intended Euthanasia

“Irremediable suffering” means an animal who has a poor or grave prognosis for being able to live without severe, unremitting physical pain even with prompt, necessary, and comprehensive veterinary care.
