IMPORTANT: Please read "Terms and Conditions" on the reverse side before completing this form.

What to Include with Your Rebate Application

- Proof of power factor correction greater than 90%. Both before and after power factors must be provided.
- An itemized and dated receipt or invoice.

Terms and Conditions

- Each request for rebate will be evaluated on a case-by-case basis.
- Incentive will be equal to 30% of the cost of correction equipment not to exceed \$70 per KVAR. An estimate of the installed cost per KVAR corrected must accompany the claim form.
- Cases where the incentive is estimated to exceed \$15,000 will be evaluated on a case-by-case basis and must be pre-approved by City of Ames Electric Services.
- Rebates are for power factor correction equipment only.
- Rebate amount will not exceed Electric Services' cost for correction.
- City of Ames Electric Services reserves the right to verify corrected power factor.

Disclaimer

City of Ames Electric Services does not guarantee that installation and operation of power factor correction equipment will result in reduced demand or energy consumption or in cost savings. The manner in which a customer uses and maintains the equipment may affect potential cost savings. City of Ames Electric Services makes no warranties, expressed or implied, with respect to any equipment purchased or installed, including, but not limited to, any warranty of merchantability or fitness for a particular purpose. In no event shall City of Ames Electric Services be held liable for any incidental or consequential damages or injuries resulting from defective equipment or installation. City of Ames Electric Services reserves the right to cancel or change programs at any time. City of Ames Electric Services' acceptance of an application does not guarantee payment of rebate or acceptance of financing.
